Dear [redacted]

DRAFT REGIONAL COASTAL PLANS

Thank you for your letter of 13 February 2015 inviting input into the draft Regional Coastal Plans for the Western, Central and Gippsland Regions. I apologise for the delayed response.

I acknowledge the importance of these plans for the management of our coastal areas and congratulate your Board on their development.

I understand that Fisheries Victoria (FV) has reviewed all three draft plans and provided a consolidated submission on my behalf.

I encourage your Board to continue working with FV to strengthen the linkages between the draft plans and the Andrews Government's Target One Million plan.

Target One Million is a $35 million plan that will grow recreational fishing in Victoria by delivering programs and services that will encourage more families to get outdoors and enjoy this important recreational activity in Victoria's coastal and inland waters.

We look forward to receiving copies of the final plans for our records. These copies can be provided to [redacted]

Yours sincerely

Hon Jaala Pulford MP
