

CAP

Glenelg

Action no.	Strategies/actions	Lead agent	Partner Agencies	Performance Target and Date	Status	Limiting Factor	Progress to date	Future Intentions
5.1.1	5.1.1 Review the "Roles and Responsibilities of Stakeholders on Victoria's West Coast to ensure it is accurate and applicable to the Shire.	WCB					Status: Progress:	
5.1.2	5.1.2 Develop Terms of Reference for a Coastal Reference Group before the formation of the group.	WCB (PV, DSE, TFN, CMA, PoPL & GSC)	PV, DSE, TFN, CMA, PoPL & GSC				Status: Not commended Progress: Nil	Awaiting direction from WCB regarding formation of the CRG
5.1.3	5.1.3 Form a Coastal Reference Group.	WCB (PV, DSE, CMA, PoPL & GSC)	PV, DSE, CMA, PoPL & GSC				Status: Not commended Progress: Nil	Awaiting direction from WCB regarding formation of the CRG
		WCB					Status: Progress:	
5.1.4	5.1.4 Develop a central coastal management bibliography of relevant coastal and marine strategies and management plans with their locations and contact details of those who hold them.	WCB					Status: Progress:	
		WCB					Status: Progress:	
5.1.5	5.1.5 Identify, investigate and incorporate the functions necessary to address environmental concerns in Glenelg Shire Council activities.	GSC (WCB)	WCB				Status: Ongoing Progress: Council has commenced the Glenelg Strategic Futures Plan (GSFP). Environmental Management Co-ordinator employed to develop an Environmental Sustainability Plan (ESP)	Complete GSFP, which will become an incorporated document in the Glenelg Planning Scheme. Complete the ESP
5.1.6	5.1.6 Formulate and maintain a stakeholder consultation list.	CRG (GSC, WCB, PV, DSE & TFN)	GSC, WCB, PV, DSE & TFN				Status: Partially complete Progress: GSC has a list of environmental stakeholders	Pass list of stakeholders onto WCB for review. Put list of stakeholders onto GSC website once an environmental section has been added to the website. Prepare a media release for the general public
5.1.7	5.1.7 Develop and regularly update a 'Coastal Management Directory'.	WCB (GSC, PV, DSE & TFN)	GSC, PV, DSE & TFN				Status: Partially complete Progress: GSC has a list of environmental stakeholders	GSC to pass on information to WCB
		WCB					Status: Progress:	
5.1.8	5.1.8 Investigate the establishment of representative indigenous community advisory or liaison bodies to work with public land managers on coastal planning and management.	DSE & Local Aboriginal Community (PV & CoMs)	PV & CoMs				Status: Progress:	
5.2.1	5.2.1 Develop a comprehensive Access Management Strategy for the Glenelg Shire.	WCB (DSE, PV & CoMs)	DSE, PV & CoMs				Status: Progress:	
5.2.1	5.2.1 Develop a comprehensive Access Management Strategy for the Glenelg Shire.	WCB (DSE, PV & CoMs)	DSE, PV & CoMs				Status: Progress:	
5.2.2	5.2.2 Investigate the provision of additional boat launching and trailer parking facilities within the Shire in areas not currently adequately serviced by such a facility.	WCB (GSC, DSE, CoMs & CRG)	GSC, DSE, CoMs & CRG				Status: Ongoing Progress: Portland Bay Coastal Infrastructure Plan has been commissioned by GSC	Implement recommendations of the Portland Bay Coastal Infrastructure Plan once developed
5.2.2	5.2.2 Investigate the provision of additional boat launching and trailer parking facilities within the Shire in areas not currently adequately serviced by such a facility.	Marine Safety Victoria	GSC, DSE, CoMs & CRG				Status: Progress:	
5.2.3	5.2.3 Review the status and make recommendations on the future management and use of the land along the Old Coach Road between Narrawong and Dutton Way.	WCB (DSE, PV, GSC & CRG)	DSE, PV, GSC & CRG				Status: Partially complete Progress: GSC has written to DSE requesting a new overlay control be implemented for the area, to address issues associated with future land use and development (late January 2007)	Include overlay control in the planning scheme
5.2.4	5.2.4 Maintain boating facilities identified in the Access Strategy (5.2.1) to the standard identified in that strategy.	GSC (PV, PoPL & CoMs)	PV, PoPL & CoMs				Status: Not commended Progress:	Has this strategy been developed by the WCB?
5.2.5	5.2.5 Investigate the potential to provide improved recreational and small commercial boating facilities within Portland Harbour.	PoPL, GSC, CRG & Commercial Fishing Industry					Status: Ongoing Progress: Portland Bay Coastal Infrastructure Plan has been commissioned by GSC	Implement recommendations of the Portland Bay Coastal Infrastructure Plan once developed
5.2.6	5.2.6 Develop Environmental Management Guidelines for the Great South West Walk.	PV (DSE, CRG, TFN & CoMs)	DSE, CRG, TFN & CoMs				Status: Progress:	
5.2.6	5.2.6 Develop Environmental Management Guidelines for the Great South West Walk.	PV (DSE, CRG, TFN & CoMs)	DSE, CRG, TFN & CoMs				Status: Progress:	
5.2.6	5.2.6 Develop Environmental Management Guidelines for the Great South West Walk.	PV (DSE, CRG, TFN & CoMs)	DSE, CRG, TFN & CoMs				Status: Progress:	
5.2.7	5.2.7 Review visitor facility standards and access tracks at key locations and upgrade if appropriate (subject to risk, environmental values, resources, etc).	PV, DSE, CRG & CoMs					Status: Progress:	
5.3.1	5.3.1 Identify a single contact point who is responsible for responding to inquiries or reports on marine pests.	DSE					Status: Progress:	
5.3.1	5.3.1 Identify a single contact point who is responsible for responding to inquiries or reports on marine pests.	DSE					Status: Progress:	
5.3.2	5.3.2 Undertake a community education program within existing frameworks (eg Coast Action/Coastcare, Fishcare, PV Programs) to improve the community's knowledge and understanding of the values of the marine environment and the activities and processes that threaten those values.	DSE (WCB, CMA, CRG, MAFRI & PV)	WCB, CMA, CRG, MAFRI & PV				Status: Progress:	
5.3.3	5.3.3 Undertake a program to identify, monitor and manage Introduced Marine Pests within the Shire, focusing on the Port of Portland.	DSE (PoPL)	PoPL				Status: Progress:	
5.3.3	5.3.3 Undertake a program to identify, monitor and manage Introduced Marine Pests within the Shire, focusing on the Port of Portland.	DSE (PoPL)	PoPL				Status: Progress:	
5.3.4	5.3.4 Evaluate the existing "Hook Only Scale Fishery" Code of Practice and consider if it could be expanded to sections with significant recreational fishing activity outside of Portland Bay.	DSE/DPI					Status: Progress:	
5.3.5	5.3.5 Undertake an education campaign with local boat owners on the spread of marine pests and their impact on the marine environment.	DSE					Status: Progress:	
5.3.5	5.3.5 Undertake an education campaign with local boat owners on the spread of marine pests and their impact on the marine environment.	DSE					Status: Progress:	
5.3.5	5.3.5 Undertake an education campaign with local boat owners on the spread of marine pests and their impact on the marine environment.	DSE					Status: Progress:	
5.3.5	5.3.5 Undertake an education campaign with local boat owners on the spread of marine pests and their impact on the marine environment.	DSE					Status: Progress:	
5.4.1	5.4.1 Develop an Estuary Management Plan for the Glenelg, Fitzroy and Surry Rivers.	CMA (WCB, DSE, PV, TFN & CoMs)	WCB, DSE, PV, TFN & CoMs				Status: Progress:	

5.4.1	5.4.1 Develop an Estuary Management Plan for the Glenelg, Fitzroy and Surry Rivers.	CMA (WCB, DSE, PV, TFN & CoMs)	WCB, DSE, PV, TFN & CoMs				Status: Progress:	
5.4.2	5.4.2 Review Fawthrop Lagoon Management Plan and make recommendations on its implementation or revision.	CMA (CoM)	CoM				Status: Progress:	
5.4.3	5.4.3 Continue to review land based waste water reuse options.	PCW					Status: Progress:	
5.4.4	5.4.4 Complete and progressively implement the recommendations of the Portland Stormwater Management Plan.	GSC & EPA (CMA)	CMA				Status: Not commended Progress: Nil	Stormwater Management Plan to be developed during 07/08 financial year
5.5.1	5.5.1 Community to identify elements of the Portland Foreshore Master Plan that they would like reviewed by the GSC.	GSC (DSE & CRG)	DSE & CRG				Status: Ongoing Progress: Community is being consulted via the development of the Portland Bay Coastal Infrastructure Plan	
5.5.2	5.5.2 Clarify the current status of the NRE Management Plan for Bridgewater Bay.	DSE					Status: Progress:	
5.5.3	5.5.3 Identify areas and attributes of the Portland Harbour, which are important to and valued by the community and work to preserve those attributes.	GSC					Status: Ongoing Progress: Portland Bay Coastal Infrastructure Plan has been commissioned by GSC	Implement recommendations of the Portland Bay Coastal Infrastructure Plan once developed
5.5.4	5.5.4 Implement the actions in the coastal processes study on sand bypass dredging at the Port of Portland.	PoPL, DSE & Dol (GSC)	GSC				Status: Progress:	
5.5.5	5.5.5 Undertake a strategic framework for the Portland Harbour area that provides guidance to management plans for the area.	WCB (PoPI, DSE, Dol, GSC, Portland Fishing Precinct Users Group & CRG)					Status: Ongoing Progress: Portland Bay Coastal Infrastructure Plan has been commissioned by GSC	Implement recommendations of the Portland Bay Coastal Infrastructure Plan once developed
5.5.5	5.5.5 Undertake a strategic framework for the Portland Harbour area that provides guidance to management plans for the area.	WCB (PoPI, DSE, Dol, GSC, Portland Fishing Precinct Users Group & CRG)					Status: Progress:	
5.5.6	5.5.6 Undertake a risk assessment program of existing coastal structures to focus on risks to public safety.	PV, CoMs & DSE					Status: Progress:	
5.5.7	5.5.7 Prior to determining to site and develop new coastal infrastructure, the environmental, cultural, social and risk impacts should be identified and assessed.	PV, CoMs & DSE					Status: Progress:	
5.5.8	5.5.8 Undertake a coastal vulnerability assessment to determine coastal development buffer strips that identify suitable types of development that should be permitted in different level buffer strips for inclusion in the Planning Scheme in a similar way as a Land Subject to Inundation Overlay.	GSC					Status: Ongoing Progress: Review of planning scheme controls being done via the GSFP	Address issues identified via local policy framework in the planning scheme
5.5.8	5.5.8 Undertake a coastal vulnerability assessment to determine coastal development buffer strips that identify suitable types of development that should be permitted in different level buffer strips for inclusion in the Planning Scheme in a similar way as a Land Subject to Inundation Overlay.	GSC					Status: Progress:	
5.6.1	5.6.1 Undertake a landscape character assessment for the Glenelg Shire to be implemented as a significant landscape overlay in the Shire of Glenelg planning scheme, that utilises and builds on work already undertaken within the shire.	GSC (WCB, DSE, Dol & PV)	WCB, DSE, Dol & PV				Status: Partially complete Progress: GSC has been involved with consultation with other agencies	Implement recommendations of the Coastal Spaces Landscape Assessment Study into the planning scheme via the GSFP process
5.6.2	5.6.2 Undertake a township study for each coastal town including delineation of township boundaries and propose amendments to Planning Scheme as necessary to facilitate implementation.	WCB (Dol & GSC)	Dol & GSC				Status: Ongoing Progress: Being done via the GSFP process	Amend local policy framework within the planning scheme
5.6.3	5.6.3 Develop Siting and Design Guidelines consistent with the Statewide Siting and Design Guidelines for Structures on the Victorian Coast to be referenced with the Glenelg Planning Scheme to guide future development and ensure it is consistent with the future vision for the coastal settlements.	GSC					Status: Not commended Progress:	Local policy framework to be reviewed via the GSFP process
5.6.4	5.6.4 Develop an Environmental Significance Overlay (to protect flora and fauna values) for inclusion in the planning scheme to ensure consistent vision and planning and work in conjunction with 5.6.3 above.	GSC (DSE, PV & TFN)	DSE, PV & TFN				Status: Ongoing Progress: Data received from DSE in 2002	Recommend inclusion of ESO in the planning scheme via the Environmental Sustainability Plan. Expand on the existing ESO in the planning scheme. Investigate the possible update of data received from DSE (2001 data).
5.7.1	5.7.1 Develop and implement an interpretative signage program at access points along the coast.	PV, CoM & CMA (CRG DSE & TFN)	CRG DSE & TFN				Status: Progress:	
5.7.2	5.7.2 Undertake an education and enforcement campaign regarding keeping dogs on leashes in the coastal zone.	PV & CoMs					Status: Progress:	
5.7.2	5.7.2 Undertake an education and enforcement campaign regarding keeping dogs on leashes in the coastal zone.	PV & CoMs					Status: Progress:	
5.7.3	5.7.3 Work with scientific organisations (eg Victorian Institute of Animal Science or Keith Turnbull Research Institute) on trials of new pest plant and animal management practices.	DSE & PV					Status: Progress:	
5.7.4	5.7.4 Undertake enforcement of landowners and managers not fulfilling their pest plant and animal control obligations consistent with existing priorities as set out in Regional Action Plans.	DSE					Status: Progress:	
5.7.4	5.7.4 Undertake enforcement of landowners and managers not fulfilling their pest plant and animal control obligations consistent with existing priorities as set out in Regional Action Plans.	DSE					Status: Progress:	
5.7.5	5.7.5 Improve and publicise public contact for advice regarding problem pest plants and/or animals.	DSE					Status: Progress:	
5.7.6	5.7.6 Better publicise the 'leash free' beach areas.	PV & CoMs					Status: Progress:	
5.7.6	5.7.6 Better publicise the 'leash free' beach areas.	PV & CoMs					Status: Progress:	
5.7.7	5.7.7 Assist landholders to protect and manage significant areas through a remnant vegetation scheme.	CMA (TFN)	TFN				Status: Progress:	
5.7.8	5.7.8 Identify the extent of coastal wattle and coastal tea tree incursion into the area and use this investigation as the basis for determining the need for a management plan.	DSE					Status: Progress:	
5.8.1	5.8.1 Investigate the restriction of access to sensitive areas during the shore bird nesting season.	PV & CoMs (CRG)	CRG				Status: Progress:	
5.8.2	5.8.2 Develop a public education program to improve recognition of the impact of threatening processes on flora and fauna.	DSE & CMA (TFN)	TFN				Status: Progress:	

5.8.3	5.8.3 Enhance coastal vegetation on coastal private and Crown land.	CMA, PV, CoMs & GSC (DSE & TFN)	DSE & TFN			Status: Ongoing Progress: Data received from DSE in 2002	Recommend inclusion of ESO in the planning scheme via the Environmental Sustainability Plan. Expand on the existing ESO in the planning scheme. Investigate the possible update of data received from DSE (2001 data).
5.8.4	5.8.4 Improve availability of information on coastal flora and fauna for coastal users.	DSE (PV)	PV			Status: Progress:	
5.8.5	5.8.5 Encourage the revegetation of cleared coastal public and private land using species native to the local area.	CMA, PV, CoMs & GSC (DSE GSC & TFN)	DSE GSC & TFN			Status: Partially complete Progress: Requested list of indigenous vegetation from DSE	Issue to be addressed via the Environmental Sustainability Plan. Provide list of indigenous species to general public for use in gardens and landscaping eg. via website)
5.8.6	5.8.6 Review and secure where possible the long-term viability of the Little Penguin population within Portland Bay. Investing in long-term management viability.	DSE				Status: Progress:	
5.9.1	5.9.1 Progressively implement the GSC Tourism Strategy for the Shire over the next 3 years.	GSC (PV)	PV			Status: Ongoing Progress: Currently in first year of strategy implementation	Continue implementation of the strategy for the next 2 years
5.9.2	5.9.2 Communicate the Parks Victoria Visitor Strategy and levels of services to user groups.	PV				Status: Progress:	
5.9.3	5.9.3 Develop and implement a Recreational Management Plan for the Bridgewater Lakes to allow for cooperative use of the lakes by all user groups.	PV (CRG, GSC & DSE)	CRG, GSC & DSE			Status: Not commended Progress:	Co-operate with other relevant agencies on development of the plan
5.9.4	5.9.4 Develop and implement a management framework for responsible trail bike and all terrain vehicle usage in the Shire.	PV, DSE & CoMs (GSC & CRG)	GSC & CRG			Status: Not commended Progress:	Co-operate with other relevant agencies on development of the plan
5.9.5	5.9.5 Make available information to tourists on designated campsites within the Shire including directions to these sites.	GSC (PV)	PV			Status: Ongoing Progress: 3 accredited Visitor Information Centres (Portland, Heywood, Casterton) promote campsites via brochures	Continue promotion of campsites via Visitor Information Centres
5.9.6	5.9.6 Investigate options for an alternative site for the Portland Rifle Club.	DSE (Portland Rifle Club)	Portland Rifle Club			Status: Progress:	
5.10.1	5.10.1 Develop availability to register of coastal European and Aboriginal cultural heritage sites, structures and uses within the Shire.	GSC (Heritage Victoria, DSE, CoMs & PV)	Heritage Victoria, DSE, CoMs & PV			Status: Partially complete Progress: Have completed a desktop study og Aboriginal heritage sites. Conducting Stage 2 of a heritage study into European heritage sites.	Release desktop study of Aboriginal heritage sites to the public, and use as a contribution towards the GSPF
5.10.2	5.10.2 Support land managers and owners in the research, identification and protection of cultural heritage sites.	Heritage Victoria				Status: Progress:
